

FELASTEC® -Pads and special crawler chains for your chain vehicle

FELASTEC® -Pads and special crawler chains for your chain vehicles like mini excavators, excavators, milling machines, finishers, lift work stages, Dumpers, track excavators, crawler transport vehicles

Substantial advantages are:

- No damages and "rubbing stripes" on fastened surfaces
- reduction of the damages on working surface
- no oscillating - and noiseless driving
- fully flexible pad allows optimum reduction in ground bearing pressure
- all pads are made to order, tailor-made for your plant

*Please call us for more informations about
the applications of Felastec® - pads for your
vehicle with chain drive!*
